PROFILE

I am a motivated self-starter with a passion for working on innovative products that change how users interact with their daily lives. Data driven, outcome focused and always willing to go the extra mile to succeed. I enjoy the journey to the solution and the takeaways gleaned along the way.

SKILLS

HTML, CSS, Bootstrap,
JavaScript, jQuery, node.js,
MySQL, MongoDB, React.js

Ability to learn new concepts
and apply them to current
practices

Flexibility needed to pivot as
needed

EXPERIENCE

OPERATIONS MANAGER

Wag! Labs Inc. | Mar 2015 - Apr 2019

- Developed strategic launch plan that led to the successful activation of core Wag! Markets
- Contributed to strategy that saw Wag! expand to its current market number of 120+
- Managed team of 20 persons that reviewed millions of applications over the past 2 years
- Implemented onboarding funnel improvements which allowed for 56% YoY growth in number of walkers onboarded
- Clear understanding of 1099 independent contractor best practices and laws which directly influenced application process decisions

CAREER ADVANCEMENT SPECIALIST

The Door | Feb 2014 - Mar 2015

- Created and facilitated a 12-week course with focus on career development for over 100 underprivileged youths
- Exceeded contract goals with a 93% candidate completion rate and a 94% job placement rate
- Built and maintained relationships with large retail employers for candidate placement such as CVS, Best Buy, Warby Parker and Walgreens
- Managed multiple government contracts and reported successful cohort outcomes regularly

FIELD COLLEAGUE TRAINER

CVS | Jan 2010 - Feb 2014

- Created onboarding materials which introduced new employees to the company values at CVS for the NY region which were then rolled out nationally
- Responsible for regional compliance records for all pharmacy employees in NY region, 400+ employees
- Responsible for in-store compliance resolutions for 40+ stores, providing 1-1 feedback to store leaders
